

TO INVESTIGATE DEATH OF WOMAN

Mrs. Ruby Larned, Formerly of Georgia, Dies Under Peculiar Circumstances in New York.

(By Associated Press.)
NEW YORK, April 3.—The police are investigating the death of Mrs. Ruby Larned, twenty-three years old, which occurred under peculiar circumstances at her home in a Lenox Avenue apartment house today, and the woman's husband and a servant employed by the couple are held, pending the inquiry.
The husband, William Larned, who is twenty-three years old, says he is an artist, and formerly worked as a newspaper man in this city. According to the story which he told the police, Mrs. Larned had been ill for several days, and yesterday appeared to be in particularly high spirits. During the afternoon she asked the maid, Annie Miller, for a glass of claret, and soon after drinking the beverage became very drowsy and went to bed. She slept heavily all the afternoon and evening, and when she awoke she found the maid sitting by her side. The husband says he became alarmed and called a physician. Three other physicians later were summoned. They worked over the woman for hours, but despite their efforts she died without regaining consciousness.

Husband and Maid Held.
Two bottles containing carbolic acid were found by the physicians on a stand near the bed. One of the bottles was nearly empty. Stories told by the husband and maid differed, according to the police, and both he and the girl were held, pending further investigation.
When Larned and the girl servant were arraigned before a coroner, they were paroled until to-morrow in the custody of one of Larned's friends. The coroner's physician said letters, in which Mrs. Larned had threatened to commit suicide, had been found, and that he thought the woman committed suicide.

Mrs. Larned was formerly a resident of Atlanta, Ga. She is said to have no relatives in New York.

Well Known in Georgia.
(By Associated Press.)

ATLANTA, Ga., April 3.—Mrs. Larned, whose mysterious death is announced from New York, was Miss Ruby Ray, of Americus, Ga., where she belonged to one of the prominent families of the State. She married William M. Larned last August, after a remarkable courtship. Both at the time of their marriage were about twenty-two years old. Her husband formerly was employed as an artist on the Atlanta Journal, and went to New York about three years ago to familiarize himself with metropolitan newspaper work. He is well known here, and bears a fine reputation as an artist and as a young man of excellent family and personal worth.

W. Loyless has bought the control of the common and preferred stock of the Augusta Chronicle, and that H. H. Canabiss resigns as president and business manager. He will be succeeded in the business management by Mr. Loyless, who has been editor and part owner.
Mr. Loyless announces that the Chronicle will continue to be run as a strictly non-partisan Democratic newspaper and will not be controlled by any faction or special interest. It is understood the price paid for the control was on the basis of \$50,000, which is an increase of \$20,000 over the price of two years ago. It is also announced that the new management will pay all outstanding indebtedness and has ample capital on which to conduct a high-class progressive newspaper. Mr. Canabiss will probably return to Atlanta.

LAUNCHING MINNESOTA.

Party Will Leave Minneapolis Tuesday for Newport News.

(By Associated Press.)
MINNEAPOLIS, MINN., April 3.—The christening party which will attend the launching of the battleship Minnesota on April 5th will leave Minneapolis Tuesday night for Newport News, Va. Miss Rose Marie Schaller, sponsor for the new battleship, with her maids of honor, Miss Constance Gray, of Fairmont, and Miss Lillian McMillan, of Minneapolis, and many guests, will compose the party, which will go by way of Washington.

Lynchburg to Have Fair.

LYNCHBURG, VA., April 3.—A movement was started here to-night in a mass-meeting to organize an agricultural fair Association to hold a fair here this first week in October. A committee of fifteen was appointed to secure subscriptions to stock of a company to be incorporated with a minimum of \$20,000, and the old Fair Grounds will be utilized.

Prominent Man Drops Dead.

(Special to The Times-Dispatch.)
OLGA, VA., April 3.—Mr. Valdemar Perdue, of Paducah, this county, without sickness of previous premonition, on yesterday dropped dead between his front door and yard gate. He was about starting to attend Sunday school, reached the vehicle, remembered having left his papers, went back to the house after them and fell dead upon the walk. He was an energetic business man, useful in the community and will be greatly missed.

RHEUMATISM ROBS LIFE OF PLEASURE

Rheumatism does more than any other disease to rob life of pleasure and comfort. It is so painful and far-reaching in its effects on the system that those afflicted with it find themselves utterly unable to enjoy bodily comfort or any of the pleasures of life. Some are bound hand and foot and suffer constantly with excruciating pains, swollen, stiff joints and muscles, and often distorted, crooked limbs, while others have intervals of freedom, during which they live in constant fear and dread of the next attack, when, at the least exposure to damp weather, or slight irregularity of any kind, the disease will return.

I had been troubled with Rheumatism for two years, had been under the treatment of physicians, and tried everything recommended to me, but all to no avail. My knee and elbow joints were so stiff that I could not use them. I was unable to do my household work, and was truly in a pitiable condition. S. S. S. cured me after using it for awhile, and I unhesitatingly give it the credit it so richly deserves.
Sta. A., E. Liverpool, O. Mrs. M. A. DECKER.

SSS
The cause of Rheumatism is a sour, acid condition of the blood, produced by food lying undigested in the stomach, poor bowel action, weak kidneys and a general sluggish condition of the system. External applications, such as liniments, oils, plasters, etc., do not reach the cause and can only give temporary relief. The blood must be cleansed and purified before a cure can be had. S. S. S. attacks the disease in the right way—it neutralizes the poison and filters out every particle of it from the blood, stimulates the sluggish organs and clears the system of all foreign matter. It cures the disease permanently and safely because it contains no harmful minerals to derange the stomach and digestion. Book on Rheumatism and any advice you wish, without charge.

ELECT DUNNE IN CHICAGO TO-DAY

Believed Democrat Will Get Majority of From Eight to Fifteen Thousand.

(Special to The Times-Dispatch.)
CHICAGO, ILL., April 3.—When the municipal campaign came to a close this evening there was more doubt of the result of the election to-morrow than there was a week ago. The tide which had surged so strongly toward Edward F. Dunne and immediate municipal ownership began to roll back several days ago toward John Maynard Harlan, who stands for a conciliatory agreement with the traction companies, subject to the approval of the people in a referendum vote. The consensus of impartial opinion is that Judge Dunne, the Democrat, will be elected by a plurality ranging from \$500 to 15,000. Bets of three to one on Dunne are given in the general result, and even money bets have been made that Dunne will win by 25,000 to 50,000. Chairman Redick, of the Republican Committee, forecasts the election of Harlan by 20,000. Mr. Harlan, in a signed statement, expressed the conviction he will have a plurality of 15,000. The Democratic Committee, which predicts victory for Dunne by 50,000 to 75,000, and the candidate himself is inclined to think these figures are conservative. Two years ago Harrison won by 8,000, and four years ago by 25,000. Mayor Harrison thinks Dunne will win by 12,000 to 15,000 plurality.

Election in Michigan.

(By Associated Press.)
DETROIT, MICH., April 3.—Election returns are fragmentary, but the indications are that the Republican ticket is carried by upwards of seventy thousand majority. The Republican candidates are Joseph B. Moore, of Lapeer, for supreme judge (renominate); Arthur Hill, of Saginaw, and W. H. Sawyer, of Hillsdale, for judges of the University of Michigan; and W. J. McKane, of Calhoun county, for member of the State Board of Education.

Florida Legislature.

(By Associated Press.)
TALLAHASSEE, FLA., April 3.—At the caucus of the Legislature to-night, Hon. P. H. Trammell, of Polk county, was unanimously nominated for president of the Senate. Hon. L. L. West, the opponent of Mr. Trammell, withdrew from the race. Hon. Albert W. Gleason, of DeSoto county, was unanimously nominated for speaker of the lower house. Watson and Pirong withdrew from the race this afternoon after a caucus of the Gleason supporters showed the latter to be the winner. The Legislature meets to-morrow.

GRIMES'S BATTERY.

Little Likelihood of the Organization Being Kept Up.

(Special to The Times-Dispatch.)
NORFOLK, VA., April 3.—Captain C. A. Cuthrell, of Portsmouth, who went to Richmond for the purpose of inducing Governor Montague to rescind the order disbarring Grimes's Battery and carried with him the resolutions of the Stonehill Camp, of Confederate Veterans, disapproving the disbandment on sentimental grounds, returned without having had an audience with the Governor. There is little sentiment for the perpetuation of the organization in Portsmouth.

Grimes's Battery was continued after the death of Captain C. Grimes, of Portsmouth, its organizer, during the Civil War, in connection with Captain Huger's Battery. After the war it was reorganized and for many years was a flourishing company of light artillery, in Portsmouth. Recently the changes in the style of warfare and the adoption of new range guns and improvements in the art of firing them by mathematical calculation, has made the maintenance of that branch of the service difficult, if not impossible. Technical training required to fire the great guns of the artillery service in use now cannot be required by the use of the small muzzle-loading cannon such as can be had at Portsmouth, hence interest in the artillery branch of the service has waned and the Governor was asked to disband the company.

There is an effort to form an infantry company on the nucleus of the organization of Grimes's Battery and thus preserve the name for sentimental reasons, but that has not assumed definite shape.

ALL RECORDS BROKEN.

Demand for Peanuts Is Much Greater Than the Supply.

(Special to The Times-Dispatch.)
SUFFOLK, VA., April 3.—The Pope Peanut Company, one of the most prominent of Suffolk's six factories, today has a "Review of the Farm Situation," in which it is said that the movement of both farmers' and cleaned goods has this season broken all records. "As many as 75 cars of goods having been received at this plant in a single day," continuing the letter says, "prices have been satisfactory to the farmers and they sold freely, leaving the country comparatively free of farmers' goods."

Their holdings are now nearly exhausted and factories have not more than enough goods to supply orders now booked for shipment within the next thirty days.

(Special to The Times-Dispatch.)
RALEIGH, N. C., April 3.—There was a big crowd out this afternoon for the football game between the Agricultural and Mechanical College and Washington Lee University (Virginia), but it proved to be the poorest game yet seen. The score was 26 to 3 in favor of Agricultural and Mechanical College, the Virginians proving no match at all for the North Carolina team, who put in four runs in the first, two in second, seven in third, six in sixth, six in eighth and one in ninth inning. Washington Lee scored one in second and two in fifth inning.

Agricultural and Mechanical College put their scrub pitcher in the box for the last half of the game. The Agricultural and Mechanical College made 23 hits and 3 errors, and Virginians 1 hits and 3 errors. Washington and Lee team plays Trinity College to-morrow at Durham.

ALFRED SPEER'S SURPRISE

Well Known Business Man Tells of Peculiar Experience.
Few business men are better known throughout the country than Alfred Speer, of Passaic, N. J., although he is over eighty-one years of age and the head of a large concern, as well as the editor of the following letter, hoping that it would be of interest and benefit to our readers.
"To the Editor:—
"I cannot keep from expressing my surprise at the wonderful relief and benefit I derived from the use of Hyomel. For some years past I have been a victim to nasal and throat catarrh, and during that time have expended a great many dollars to specialists, and had my throat sprayed, washed and smoked week after week. The first time I used Hyomel I was surprised at the change it brought. This was a few months ago, and I have used it occasionally since. It makes me feel as if I often forget and neglect its use for several days, but each time when I breathe it the hawking and discharge cease, and it is wonderful how it acts. I am over eighty-one years of age, and careful not to praise anything until I know what I am about."
"Respectfully yours,
"ALFRED SPEER."

The complete Hyomel outfit, including the inhaler, costs but \$1, while extra bottles are sold at 50 cents each.
T. A. Miller's drug store sells Hyomel on a guarantee plan, offering to refund the money if it does not give complete satisfaction. Small orders will be filled promptly on receipt of price. Complete outfit, \$1.00; extra bottles, 50 cents.

AUTO HITS TROLLEY: FOUR MEN BADLY HURT

Prominent Residents of Pittsburgh and Well Known Manufacturer Are Injured.

(By Associated Press.)
PHILADELPHIA, PA., April 3.—In an automobile accident here to-day, three prominent residents of Pittsburgh were severely cut and bruised, and a well known manufacturer of this city was dangerously hurt. The party consisted of Charles S. Frishmuth, president of the Homer Brass Company, of this city; Archibald N. McCrea, president of the Union Sprink Manufacturing Company, of Pittsburgh, and son of James McCrea, vice-president of the Pennsylvania Company; W. H. Schoen, of the Schoen Steel Wheel Company, of Pittsburgh, and L. G. Wood, manager of the banking firm of Mellon and Company, of this city.

The four men are in St. Agnes Hospital. Mr. Frishmuth was injured internally, and sustained a serious concussion of the brain. He was unconscious for several hours. Mr. Schoen received a deep scalp cut. Mr. Schoen was also bruised about the head, and Mr. Wood was bruised.
The chauffeur escaped uninjured. The heavy automobile collided with the rear end of a trolley. The occupants of the automobile were thrown to the pavement with great force. Mr. Frishmuth was striking his head. The auto car was wrecked. A police patrol wagon was summoned to convey the injured men to the hospital.

(Special to The Times-Dispatch.)
LYNCHBURG, VA., April 3.—The Garland-Rodges Camp, Confederate Veterans, to-night decided to visit to-day to Appomattox on next Monday to be present at the unveiling of the North Carolina monument, on account of the inscription on the monument. The report of the committee was adopted in a largely attended meeting with only one vote in the negative.

MAN'S BODY PIERCED WITH STEEL RAILS

(Special to The Times-Dispatch.)
BRISTOL, VA., April 3.—With heavy steel rails penetrating half-way through, from head to foot, the dead body of W. J. Foster, an expert four-yearman, was found on a flat car in the railway yards here to-day. He had evidently been asleep between the ends of the rails, and in shifting the car the rails slid forward, piercing his body lengthwise, and crushing his skull.
Foster had employment here, and had just arranged to bring his wife and children here from Water Valley, Miss. The Knights of Pythias took charge of the body.

MADE ENORMOUS PROFIT ON GAS

Consolidated Bought It at Rate of 28 to 40 Cents and Resold It At \$1.

(By Associated Press.)
NEW YORK, April 3.—Nearly five billion of the thirteen billion cubic feet of gas supplied to consumers in New York city by the Consolidated Gas Company last year was purchased from the New Amsterdam and other companies at the rate of from 28 to 40 cents per thousand cubic feet. This fact was brought out to-day during the examination of Benjamin A. Whiteley, assistant secretary of the Consolidated Gas Company, before the legislative commission, which is inquiring into the lighting conditions in this city. The Consolidated Gas Company supplies gas to consumers at \$1 per thousand cubic feet.

Robert A. Carter, secretary of the company, who followed Mr. Whiteley on the stand, was asked to explain what disposition had been made of the \$20,000,000 which was realized when the capital stock of the company was increased from \$80,000,000 to \$100,000,000. He replied that it had been used for "construction purposes." By referring to a statement, which had been prepared for the committee, however, Mr. Hughes found that nearly \$12,000,000 of this sum had been invested in corporate stock of the city of New York at a low rate of interest, while the stockholders were being paid interest on the sum at the rate of 6 per cent.

The examination of Henry M. Edwards, auditor of the New York Edison Company, developed the fact that while the actual value of the properties owned by the Edison Company at the time of consolidation with the Consolidated Gas Company was approximately \$10,500,000, the company had outstanding stock and bond issues aggregating \$64,000,000.

President's Message Points Out Alarming Falling Off in Attendance of Children.

(By Associated Press.)

HAVANA, April 3.—The Seventh session of the Cuban Congress to-day. President Palma's message congratulated the country on the continuance of order and on the fact that there have been no untoward incidents beyond those ordinarily dealt with by the courts. The message is optimistic in tone, the only noted complaint being with reference to the diminution of attendance in the public schools, which in the last four months of last year was 24.40 below the corresponding year of 1903. President Palma characterizes this as an alarming deficiency, and he suggests the adoption of strong measures looking toward securing more general attendance. He urges a general reformation of local school boards.

Referring to the adjournment of the United States Senate without confirming the late of Pines treaty, he says: "There is no reason for fearing the coming Congress, that high body inspired always by the spirit of justice, will approve the treaty, thereby fulfilling the honest purpose of the illustrious citizen who exercises the duties of first magistrate of that great republic."

SPRINGFIELD MOB WOULD BURN SALOON

(By Associated Press.)
SPRINGFIELD, O., April 3.—A mob very similar to one a year ago, which lynched the negro Dixon, appeared here, is congregating with avowed purpose of burning a resort run by a man named Joseph Kempler. Nearly a dozen arrests of suspicious acting persons have been made by detectives. The square in which Kempler's place is located is being patrolled by police.

At 11 o'clock to-night the front and rear of the saloon are closely guarded by police as are the entrances to Columbus Street at Foster and Water Streets. Every street corner in the vicinity is filled by a motley crowd awaiting the appearance of a mob to burn the saloon. At midnight the police have kept the crowd which numbered up to one thousand persons well scattered and the feeling is growing that there will be no rioting. All the saloons in the portion of the city where the Kempler saloon is located are closed. The number of drunken men on the streets is increasing, and this fact gives the police officials more concern than anything else.
